Salman Sharif

Web Developer — WordPress · WooCommerce · Shopify

Elementor Pro · Crocoblock JetEngine · PageFly · React.js · Next.js · PHP · MongoDB · JavaScript · HTML · CSS

PROFILE

Web developer building fast, responsive, conversion-focused websites and online stores for businesses worldwide — from Shopify and WooCommerce stores to WordPress & Elementor sites, multilingual builds and multi-site networks, plus speed optimization, redesigns and bug fixing after launch.

AT A GLANCE

250+ portfolio projects	28 countries served	110+ Shopify stores	55 WooCommerce stores
-----------------------------------	-------------------------------	-------------------------------	---------------------------------

EXPERIENCE

Web Developer — Freelance & Client Projects

Remote

WordPress · WooCommerce · Shopify · Elementor · PageFly

- Built and customized **110+ Shopify stores**, including PageFly home pages, dropshipping stores, one-product stores and custom collection pages.
- Developed **55 WooCommerce stores** across fashion, beauty, coffee, jewelry, automotive, pets and home & decor.
- Delivered **WordPress & Elementor websites** for agencies, SaaS companies, hotels, law firms, clinics, contractors and nonprofits.
- Built a coordinated **network of 11 brand-specific websites** for a premium appliance-repair business in San Francisco.
- Created **multilingual & RTL websites** (Hebrew, Arabic, German, Spanish...) and handled **speed optimization, redesigns and bug fixing**.
